

Sample Mission Statement

Fox Cities Cycling Without Age Association's (FCCWAA) mission is to empower nursing homes, organizations and community members within the Fox Cities Region to implement and participate in a CWA program. FCCWAA will develop and coordinate CWA resources, promote the benefits of CWA and fundraise by partnering in order to provide opportunities for older adults and those with differing abilities access to the trails, greenways, bike routes and bike lanes through a trishaw, a motor assist bike, pedaled by trained volunteer pilots.

CWA develops relationships, engages the community, creates a sense of belonging, provides alternative transportation and recreation options, and is an opportunity for community volunteers to enhance the lives of others. FCCWAA and FCGI have a formal agreement to work closely and cooperatively to further this goal and provide alternative transportation and recreation opportunities for older adults and those with differing abilities
