Madison Mobile Bike Repair program brings bilingual bike safety education and mechanical training to repair stands located around the city. In prior years we partnered with Madison Community Foundation to have 6 repair stands installed in underserved communities. Recent efforts now focus on activating those repair stands and use them as a hub for training and engagement with the surrounding residents and community members.

At Lussier Community Education Center, a couple kids were curious about the pump on the bike repair stand and how to use it. We helped the kids learn how to attach the pump to the valve on their tube and use all their muscles to pump air. The kids took turns to help pump each other’s tires when they needed breaks. They were so proud that they could do it themselves.

At one of our repair stands at Western Hills Park, we asked a kid if he biked to school. He said he wanted to but couldn’t because he didn’t have a lock to keep his bike safe. Thanks to support from Quality Bicycle Products we were able to give him a lock, show him how to set his combination and how to lock his bike up properly on a bike rack.
REPORTED DATA OF SERVICE RECIPIENTS

**Repair Location**

- Luna's Groceries: 10
- Lussier Community Education Center: 6
- The Beacon: 9
- King James Park: 9
- Cherokee Heights Middle School: 9
- Western Hills Park: 5
- Allied Park: 18

**How often do you ride a bike?**

- Everyday 17%
- 1-2 times a week 42%
- 5-6 times a week 17%
- 3-4 times a week 23%

**Age**

- 0-10: 34.15%
- 11-19: 20.73%
- 20-29: 8.54%
- 30-39: 12.2%
- 40-49: 19.6%
- 50+: 4.88%

**Race / Ethnicity**

- African American: 30.49%
