

Beloit Walk Audit

Thursday, November 7
3 - 5 pm

**Beloit Powerhouse (Riverside Conference Room),
850 Pleasant St.**

Join us for a walk audit! This tool helps residents and advocacy groups identify how streets can be safer for people walking rolling.

We will start at the Powerhouse. After a .8 mile walk/roll, we will return to the Powerhouse and discuss our findings. This is a great opportunity to organize advocacy efforts around making Beloit's transportation infrastructure more inclusive.

Wear comfortable shoes

.8 mile walk/roll on sidewalks. We will cross busy streets as a group.
